

Bacteria Mineral Water (BMW)

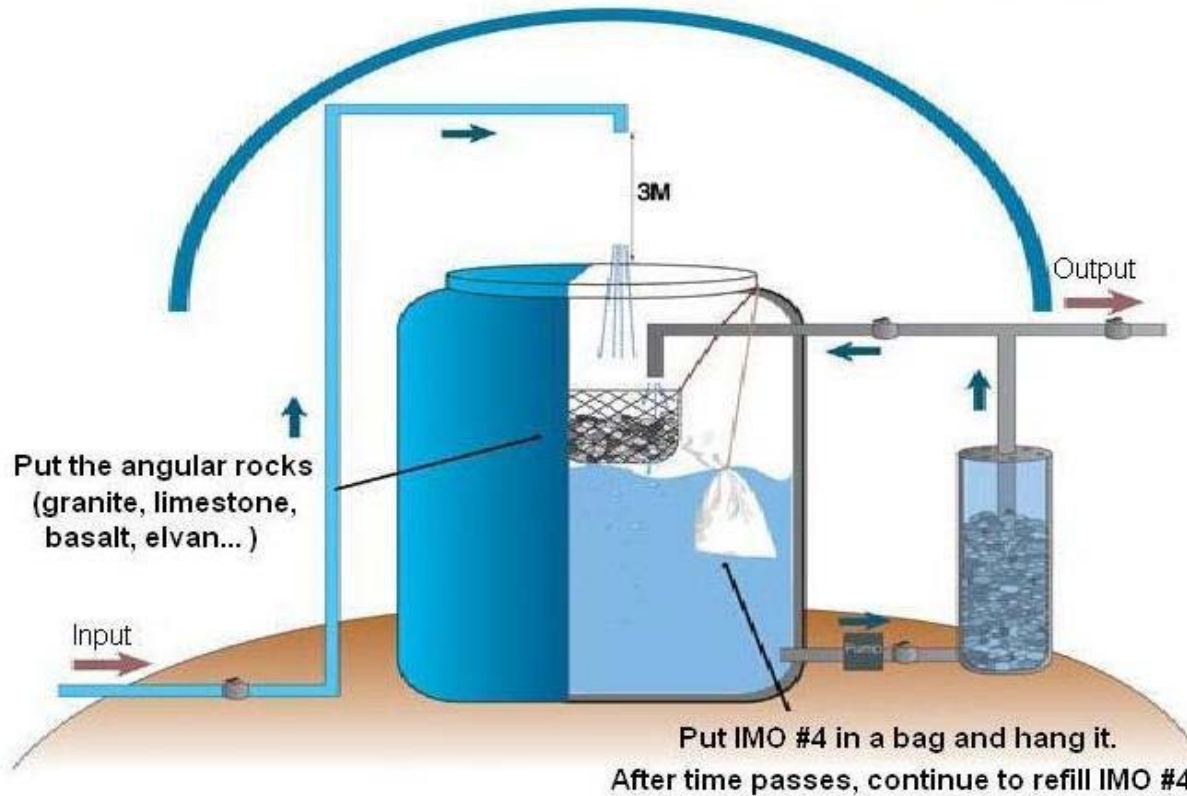

Cho Global Natural Farming (CGNF)

1. Principles

- The basic principle is to strengthen absorption ability by making water particles smaller.
- contain dissolved oxygen

2. How to make BMW

3. Usage and effects

- ◆ BMW are abundant minerals and trace elements.
- ◆ BMW promotes plant growth.
- ◆ BMW produces mineral-rich crops and improves storability.
- ◆ BMW deodorizes manure.
- ◆ Install the circulation pump to increase the BMW concentration.

THANK YOU
